## OVERVIEW

---

Full-Stack Developer proficient in the MERN stack with hands-on experience building real-world projects, including the Navkar Service platform serving and Couple Relationship Tracker Website. Completed impactful internships at Parihar Tech and Globe Capital Market Ltd, optimizing backend workflows and testing **30+ edge cases**. Actively seeking opportunities to leverage my skills and contribute to a fast-paced, growth-driven team.

## WORK EXPERIENCE

---

### Parihar India — Internswallah Project

Feb 2025 – July 2025

- **Implemented secure user authentication and session management** using MongoDB, ensuring safe access for employees applying to jobs.
- Integrated login, signup, and role-based access control, **Improved application success rate by 30%** through streamlined workflows and responsive UI..
- **Tech Stack:** MERN (MongoDB, Express.js, React.js, Node.js), Tailwind CSS, Bootstrap.

### Globe Capital Market Limited — MSEI Circular 15356 Project

July 2024 – Aug 2024

- **Identified and tested edge cases** that could be missed in standard testing, applying **DSA concepts to design optimized solutions**.
- **Improved code robustness and system reliability**, preventing potential failures and ensuring smooth market operations.
- **Tech Stack:** C++, SQL, Node.js, Express.js.

## PROJECTS

---

### Bus Fee Manager Web Application

[Demo Link](#)

- Developed a student fee management system handling 100+ student records with real-time payment tracking (pending, paid, partial), and automated 300+ reminders via Email, SMS, and WhatsApp using cron jobs.

### Couple Relationship Tracker Website

[Demo Link](#)

- Designed and developed a personalized web application to help couples track habits, memories, and relationship growth. The platform allows users to record promises, monitor habits (smoking/drinking), and maintain accountability through features like mistake logs, punishments, and “lies we said” tracking.

## EDUCATION

---

### Guru Gobind Singh Indraprastha University

2022 – 2026

- Bachelor of Technology in Information Technology

GPA: 8.669 / 10.0

## SKILLS

---

- **Languages:** C++, Python
- **Frontend:** HTML-5, CSS-3, JavaScript, React.js, Bootstrap, Tailwind CSS
- **Backend:** Node.js, Express.js
- **Databases:** MongoDB, SQL
- **Tools:** Git, GitHub, Postman, VS Code

## Achievements

---

- Solved over **500** questions on LeetCode
- Selected for the **Super 30 Program** led by Anand Kumar Sir.
- **GGSOC'25** Contributor.
